## HAMPTONS-STYLE LIVING

AN EXQUISITE FUSION OF FUNCTIONALITY AND STYLE

With more than 15 years of successful operation under its belt, Jurodesign has built its reputation on approaching every project, including this one, with a fresh and enthusiastic outlook.

Hallmarked by some of the best characteristics of Hampton-style architecture, this beautiful kitchen is reminiscent of lavish holidays in beachside estates that are hidden behind tall boxwood hedges.

The company successfully combined clever design principles, quality finishes, and high-end workmanship to create a functional space, which is suitable for the whole family. The spacious kitchen layout is perfect for either low-key family meals or extravagant social gatherings.

Designed to accommodate the hustle and bustle of modern family living, the well-appointed kitchen has a range of distinctive design features, including colonial-style skirting and moulding, feature corbels, and pendant lighting.

The island bench boasts an expansive 3m x 1.4m area of useable space that makes preparing and serving food easy. A large fridge recess has allowed the family to use a large double-door fridge, which is located beside a sizeable butler's pantry.

To complete the kitchen's classic aesthetic, Jurodesign installed antique wrought iron cup and knob pulls to all of the cupboards and drawers.

The Jurodesign team is comprised of a dedicated group of professional designers and tradespeople who take great pride in their work. The company is committed to delivering quality workmanship for all your kitchen, bathroom and laundry needs.

Jurodesign was established in 2001 by Roland and Justine Henkel. The company employs a team of tradespeople who make sure each project reflects the company's excellent attention to detail, and is completed on schedule.

Servicing the Sunshine Coast, Brisbane and surrounds, the company builds approximately 40 kitchens per year. Specialising in the design and manufacture of cabinetry for the entire home, Jurodesign's number one focus is meeting its clients' needs.
